## **September Meeting**

**9:30 am**

The September meeting is on the 18<sup>th</sup> at 9:30 am. The meeting is at the old Hartville Kitchen at the corner of SR 619 and Market Street.

### **President's Corner**

I would like to encourage that all the members bring something to turn and some tools to turn with. We will be making Christmas ornaments this meeting and would like to get all the participation that I can. Howard will bring his hollowing tools and can help some of the newer members learn to make hollow ornaments. Please remember to bring a quick drying finish to use on your work.

Thanks

**Fred**

**BUCKEYE WOODWORKERS**

**AND TURNERS**

The last meeting was the social at George Raeder's with the Northcoast club and it was a great success. We would all like to thank George for making his home available for this event. It was very gracious of him and his wife and we all appreciated it. I'd like to say more but no one has told me anything except that it was nice and I was unable to attend.

## **September Meeting.**

This is going to be one short newsletter as I have no news to transmit. We are having an open turn day on Saturday. Each member should bring tools, lathe (if portable), and materials for making some Christmas tree ornaments. There will be several people there that will be demonstrating how to make different kinds of ornaments. Also if any one can bring a scroll saw there should be some one to demonstrate how to make ornaments on this saw also. So however you make ornaments bring the equipment and show the others how it is done. If you don't know how, this is a great day for you to learn and gather up some fine ideas. It is always a lot of fun.
