

Contains November 2006 Minutes

December 2006

Bob Rosand demonstrated for the club at the November meeting.

By David Floyd

The full text of Bob's demonstration is available on his web site at www.rrosand.com (see articles) so I see no reason to duplicate it all here. Instead I'll use the space to show photos of the demonstration and of the show and tell table.

Above Bob is turning the icicle stem on one of his Christmas ornaments.

At left are two examples of the icicle ornament.

Bob is holding up the acorn ornament he just finished. A more visible example is shown below, as is the bird house.

President's Soap Box

I think everyone enjoyed last months demo by Bob Rosand. Hopefully the club can occasionally schedule a professional demonstrator. If you are in agreement let the officers know. This is your club, so let your thoughts be known.

Since I will be bowing out as your president as of the December meeting, I want to say that it has been an honor and privilege to serve as your president. All the help I received made it an enjoyable experience. I especially want to thank those that donated their time and expertise for the benefit of our group. With the tireless dedication of our officers and everyone else who contribute their time and effort, it makes our club an enjoyable experience for all that belong. I gained great satisfaction in seeing our club grow and prosper and the many friends and acquaintances I have made along the way. Our equipment went from an older short bed lathe to two large and ten mini lathes, all with chucks, a bandsaw, workbench, video equipment that works, folding tables and chairs and many other items to numerous to list. Turn and Learn sessions and a Mentoring Program were initiated to benefit the new and novice turners. Project of the Month was started, the raffle table picked up some steam and brought in needed extra bucks. I was a little disappointed in the auction, but was told that it was the most successful one we ever had. Everyone that attended the picnic at Goodyear Park enjoyed all the great food and socializing.

We donated our expertise to Camp Y-Noah in building 18 picnic tables in one day, a storage cabinet for restroom, 2 folding tables and a parts storage cabinet was donated along with a cash donation to offset the cost of propane and gas that Y-Noah furnished. We also demonstrated turning at the Norton Cider Fest, Hartville

Mkt. Place Craft Show, Hartville Tool Sale and to the campers here at Y-Noah.

Earlier this year Paul Kosmos, President of Northcoast Woodturners, demonstrated segmented turning and in appreciation your president donated a large cherry turning blank. Paul turned a bowl with a large rim and decorated it and donated it back to us. We will be selling raffle tickets at \$2 each for a chance to win this wonderful turning. Your \$2 donation will be greatly appreciated and you just might go home with a great piece for a \$2 donation.

Bob Rosands Turnings - Bob donated all the turnings that he demonstrated at last months meeting back to the club. We will have a silent auction on everything Bob demonstrated. Most of the pieces have been signed by Bob. This is your chance to own a piece turned by a professional turner. Bids will be closed at the conclusion of the demonstration. Please bid freely, your wife said she really wants one of his turnings and doesn't care what it costs.

If I forgot something please be kind as I am grey, balding and my memory is getting short. The success of the Club would not be possible if it weren't for the dedicated members and those that step up to the plate.

I have enjoyed being your president but after almost two years, it is time to step down and pass on the privilege. I am sure the club will be in good hands. Thank you for putting up with me.

Yours truly,

Larry McCardel

***On behalf of the entire club, Thanks
Larry for a great job the last two years!***

Photos from the show & tell table

I hope you were able to find your piece here somewhere, I did my best to get them all in.

Calendar of Events

December meeting at Y-Noah Saturday Dec. 16th

The demonstrations for Dec. will be four woodturners who will have their lathes set up for turning the following items: 1. A small candle holder. 2. Small Christmas trees. 3. Pens and Pencils. 4. The Bob Rosand projects.

Turn & Learn - After a break for lunch we will have a Turn & Learn session for those that are interested. Bring your tools and some wood for any small project you are interested in turning. We can accommodate up to ten members and anyone who wishes to observe. Some experienced turners will be on hand to help. Will need some experienced turners to volunteer.

Project of the Month - Anything that Bob Rosand demonstrated at the November meeting, Ring Holder, Christmas Ornaments (Acorn, Birdhouse, School Bell, Hollow Ball with finials) Votive Candle Holder, Spinning Top. If you missed Bob's demo you can get information online at (www.rrosand.com) and run his "Articles".

Raffle Table - Look around the shop and home for anything you wish to donate to the raffle table. This helps our treasury which in turn helps the club. Will try something different by holding the raffle at the end of the demo. It was felt that the raffle held after the break interfered with the flow of the meeting. We will have a short break between the business meeting and demo, then after the demo the raffle. Lets try it and see if it works out for the better.

Please see Tools For Sale at the end of page 6.

BUCKEYE WOODWORKERS AND
TURNERS
Nov. 18, 2006

The regular meeting of BWWT was called to order by Larry McCardel. Several guests were introduced to the membership. A total of 4 new members were taken into the club.
A total of 56 members were in attendance.

The treasurer, Lou Mineweaser, reported that we currently had \$3291 in our account and that money would be collected during the day for 2007 dues and for the luncheon given at the demonstration today. It was also identified that the club patches would be made available to any member that wanted them.

Jim Brown was recognized for bringing in a VHS tape duplicator. This was placed in our library for any member to use. Jim was informed that his contribution would be of significant value to our club.

Pres. McCardel introduced a number of officers and individuals that help run the club. They are Dave Floyd, Newsletter Editor; John Adams, Webmaster; Hoby Horn, Ralph Kubal, and Larry McCardel, Nominating Committee; Hoby Horn, and Ralph Kubal, Program Committee.

The individuals that were nominated for the coming year were Ben Fix, Pres.[automatic ascension to the Presidency], Phil Brower, VP, Lou Mineweaser, Treas. and Jerry Schaible, Sec. A motion was made to close the nominations and the membership vote was unanimous and all nominees were elected to office for 2007.

Larry McCardel mentioned that there are several individuals that are selling their turning equipment, due to medical reasons. Contact him for further information.

Mike Weinberg is selling a Delta woodlathe and other equipment for a lady. Contact him for more details.

The Project of the Month for Dec. will be anything that Bob Rosand demonstrates in the symposium for today. For further information on the projects that Bob Rosand will be demonstrating, you can go to his website at www.rrosand.com and download his articles on each project.

The demonstrations for Dec. will be 4 woodturners who will have their lathes set up for turning the following items: 1. A small candle holder. 2. Small Christmas trees. 3. Pens and Pencils. 4. The Bob Rosand projects.

RESPECTFULLY SUBMITTED

JERRY SCHAIBLE
SEC.

Bill Noce wants to sell a set of **Spigot Jaws just like the ones Bob Rosand was using** that will fit either Oneway or Talon chucks. New still in the box, asking \$37.00
